PREFACE FOR VOLUME 1

The Chronological Index (Book by Book)

NO RIGHTS RESERVED

This work is a **Sadaqah Jariyah (Continuous Charity)**. Permission is granted to copy, distribute, print, share, and benefit from this book in any format, without asking for permission. The goal is to spread beneficial Islamic knowledge and make authentic scholarship easier to access, not to make a profit.

PURPOSE OF THIS VOLUME

This volume is a **chronological source index** of Islamic Aqidah fatawa, arranged by the original books from which the material was taken. Its purpose is to help readers, students, researchers, and callers to Islam quickly locate relevant fatawa in their original source context.

Each entry is designed not only to summarize a topic, but also to guide the reader back to the original reference. By Allah's permission, this makes the book useful as both a study tool and a verification tool.

METHODOLOGY & ATTRIBUTION

The contents of this volume are derived from a large body of Sunni fatawa literature. The entries were compiled, organized, and formatted to make source-based Aqidah research easier and faster.

This volume is arranged **by original fatawa books**, so that the reader can navigate the material source-by-source. The wording of entries has been standardized and translated for accessibility, while preserving the original scholarly meaning as carefully as possible.

Great effort has been made to ensure that:

- the topic wording is clear,
- the source references are traceable,
- and the linked material leads the reader back to the original book and page for instant checking.

By Allah's permission, a key feature of this work is that almost all the **fatwa entries are clickable and directly hyperlinked to the original PDF kitaab sources and anchored to the exact relevant page.** This allows the reader to move instantly from the index or thematic entry to the original kitab for direct checking, verification, and deeper study. The aim of this encyclopedia is not to place the reader inside a black box, but to guide him back to the original sources quickly and transparently.

Despite this effort, this work remains a human project and is not free from error. Any mistakes in wording, categorization, spelling, page reference, or formatting should be reported so they may be corrected in future editions.

CORRECTIONS & FUTURE UPDATES

DUA

We ask Allah Almighty to accept this effort, forgive its shortcomings, and make it a means of preserving, spreading, and verifying sound Islamic knowledge.
